For Corpuls (F7965)

Article number	849799 (Adults F7965) 849689 (Paediatric F7965P)
Application	Multifunction electrodes
Standard Packaging	1 set of 2 electrodes.
Particularities	Available for adults and children
Compatible with	Corpuls 3

For Marquette GE (F7972)

Article number	849599
Application	Multifunction electrodes
Standard Packaging	1 set of 2 electrodes
Particularities	n.a.
Compatible with	Marquette GE 2040536-001

For Metrax Primedic (F7960W)

Article number	849685
Application	Multifunction electrodes
Standard Packaging	1 set of 2 electrodes
Particularities	Connector & cable outside the pouch
Compatible with	MP Heartsave AED M6, M6S

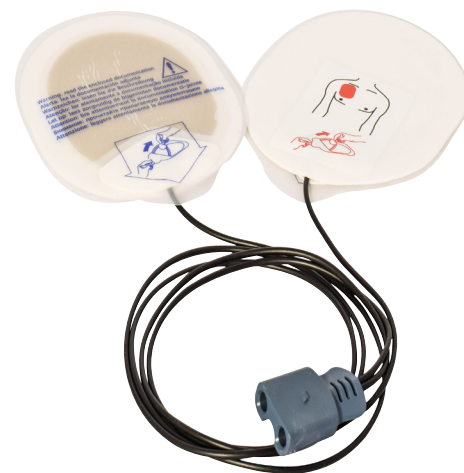

For Nihon Kohden/Welch Allyn (F7955)

Article numbers	849795 (Adults F7955) 849895 (Paediatric F7955P)
Application	Multifunction electrodes
Standard Packaging	1 pair of 2 electrodes
Particularities	Available for adults and children
Compatible with	Nihon Kohden TEC 7621G/7631G Welch Allyn AED10/AEGD20

For Philips (F7750)

Article number	849693
Application	Multifunction electrodes
Standard Packaging	1 pair of 2 electrodes
Particularities	Radiolucent
Compatible with	Philips Heartstart FR2 Philips Heartstart FR2 Philips Heartstart MRX Philips Heartstart XL Philips Forerunner

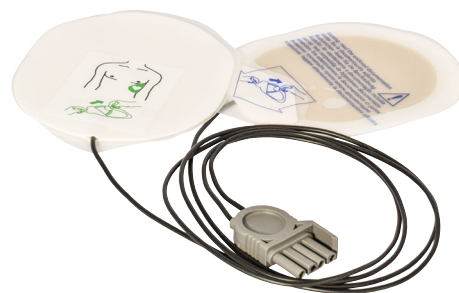

For Philips (F7950)

Article numbers	849790 (Adults F7950) 849590 (Connector & cable outside the pouch F7950W) 849890 (Paediatric F7950P)
Application	Multifunction electrodes
Standard Packaging	1 pair of 2 electrodes
Particularities	Available for adults and children
Compatible with	849793 en 849687 Philips Heartstart FR2/MRX/XL/Forerunner 849893 Philips Heartstart MRX/ XL/Forerunner

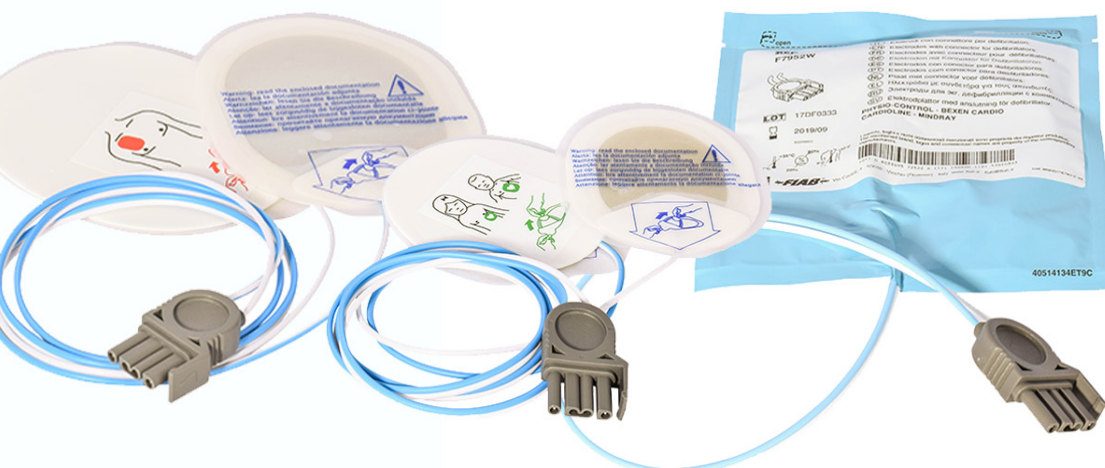

For Physio Control (F7752)

Article number	849690
Application	Multifunction electrodes
Standard Packaging	1 pair of 2 electrodes
Particularities	Radiolucent
Compatible with	Medtronic Physio Control Lifepak 9/10/12/15/20/500

For Physio Control (F7952)

Article numbers	849790 (Adults F7952)
	849590 (Connector & cable outside the pouch F7952W)
	849890 (Paediatric F7952P)
Application	Multifunction electrodes
Standard Packaging	1 pair of 2 electrodes
Particularities	Available for adults and children
Compatible with	849790 en 849590
	Physio Control Lifepak 9/10/12/15/20/500
	849890
	Physio Control Lifepak 9/10/12/15/20

Halbach Medical

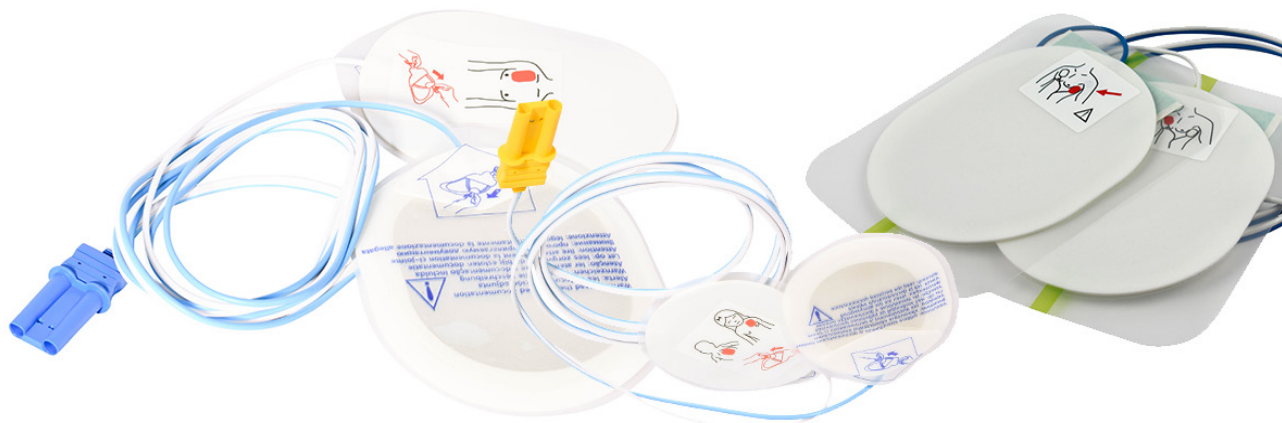

For Schiller (F7954)

Article numbers	849791 (Adults F7954) 849891 (Paediatric F7954P)
Application	Multifunction electrodes
Standard Packaging	1 pair of 2 electrodes
Particularities	Available for adults and children
Compatible with	Schiller DG1002/DG3002/ Fred/Fred Tel

For Schiller (F7956)

Article numbers	849796 (Adults F7956) 849596 (Connector & cable outside the pouch F7956W) 849498 (Paediatric F7956P)
Application	Multifunction electrodes
Standard Packaging	1 pair of 2 electrodes
Particularities	Available for adults and children
Compatible with	Schiller Fred Easy/DG4000/DG5000/DG6

For Schiller (F7967)

Article numbers	849498 (Adults F7967) 849499 (Paediatric F7967P)
Application	Multifunction electrodes
Standard Packaging	1 pair of 2 electrodes
Particularities	Available for adults and children
Compatible with	Schiller Fred EasyPort Schiller Argus Pro LifeCare I en II

For Zoll (F7751)

Article number	849694
Application	Multifunction electrodes
Standard Packaging	1 pair of 2 electrodes
Particularities	Radiolucent
Compatible with	Zoll E-series Zoll M-series Zoll PD1600 Zoll PD1700

Article numbers	849794 (Adults F7951)
	849594 (Connector & cable outside the pouch F7951W)
	849894 (Paediatric F7951P)
Application	Multifunction electrodes
Standard Packaging	1 pair of 2 electrodes
Particularities	Available for adults and children
Compatible with	Zoll E-series
	Zoll M-series
	Zoll PD1600
	Zoll PD1700
